New Business

Dues Increase Proposal

Annette Crump and Lydia Trout presented an overview of the proposed dues increase, which had been outlined in the previous *Lily*. The proposal is to increase annual dues to **\$125 for all members, regardless of status**. Annette reviewed the current dues structure and explained the need for an increase due to rising operating expenses.

A motion to approve the dues increase was made by Pam Stumbaugh and seconded by Pam Riley.

Motion carried.

Oakmont League Silver

The next item of discussion was the sale of Oakmont League silver currently stored in the League's storage unit. An opportunity exists to combine the sale with a fundraiser through **Executive Jewelers in Montrose**. The jewelers will appraise the silver, make an offer, and provide a **10% donation** to the organization. Members may also participate individually by bringing silver, gold, or platinum for appraisal and potential sale.

Lydia will host the event, and members may choose whether or not to sell their items. Any member interested in purchasing Oakmont League silver may do so at the appraised value plus the 10% donation.

A motion to proceed with the appraisal and sale of the Oakmont League silver was made by Annette Crump and seconded by Chloe Ross. **Motion carried.**
